

# E-NOX Shine™

## Stainless Steel Surface Cleaner and Protector

E-NOX Shine™ is an innovative water based product for the cleaning and protecting of matt and polished stainless steel. E-NOX Shine™ removes dirt, fingerprints, oil and residues from matt and polished stainless steel. It is also effective on aluminum, chrome, ceramics, non-ferrous metals and plastics. Dries fast after wiping and leaves a glossy protective film with good film strength. Protects surfaces from soils and has an antistatic effect.

### Features & Benefits:

- Ready-to-use, just spray it on and wipe it off
- Removes dust, dirt, finger prints, oils and handling marks
- Gives a “like-new” finish to stainless steel, while protecting against stains and tarnishing
- Leaves an invisible dry film which protects indoor finishes
- Easy and quick to use, works also on reflective and matt surfaces
- For cleaning of food processing and pharmaceutical equipment
- Water-based, solvent and silicone free
- VOC free and non-flammable
- Phosphate free
- NSF registered category P1, registration No.: 131393
