

SURFOX SHINE

Stainless Steel Surface Cleaner and Protector

SURFOX Shine is an innovative water based product for the cleaning and protecting of matt and polished stainless steel. SURFOX Shine removes dirt, fingerprints, oil and residues from matte and polished stainless steel. It is also effective on aluminum, chrome, ceramics, non-ferrous metals and plastics. Dries fast after wiping and leaves a glossy protective film with good film strength. Protects surfaces from soils and has an antistatic effect.

Features & benefits:

- Ready-to-use, just spray it on and wipe it off
- Removes dust, dirt, finger prints, oils and handling marks
- Leaves a uniform finish without streaking
- Easy and quick to use, works on both reflective and matte surfaces
- Leaves an invisible dry film which protects indoor finishes
- Water-based, solvent and silicone free
- VOC free and non-flammable
- Phosphate free, silicone free, and biodegradable
- Not controlled under WHMIS or OSHA
- For cleaning of food processing and pharmaceutical equipment
- **NSF registered under category code A7, C1, registration No. 152509**
