

CB 100 ALU

Powerful Cleaner and Degreaser for aluminum

CB 100 ALU is an aqueous based cleaner and degreaser which uses our exclusive Nature Boost, a bio-renewable additive for a superior cleaning performance when compared to traditional water based cleaners. CB 100 ALU is formulated with renewable raw materials produced from recycled vegetable by-products. These natural ingredients give the product its excellent dissolving and cleaning power. CB 100 ALU is ideal for removing oils and greases. It will also remove tenacious and stubborn contaminants such as ink, rubber marks, tar, wax, carbon, soot and pastes. CB 100 ALU was specially designed for cleaning aluminum and other sensitive alloys. CB 100 ALU is an ideal replacement to solvents and petroleum-based products to improve companies' health and safety in workplaces.

Features & Benefits:

- Ready to use high strength formulation
- Compatible with aluminum and other sensitive alloys
- Ideal for immersion tank applications using the Bio-circle CLEAN BOX (53-L 340) and other dip tanks, and ultrasonic baths
Works well at room temperature
- Can be heated up to 40°C (104°F) for increased cleaning performance
- Micro emulsion offers an excellent lifting power
- Removes oils, greases, ink, rubber marks, tar, wax, carbon, soot and pastes
- Not controlled under WHMIS 2015
- Biodegradable, very low VOC
- Solvent, phosphate and butyl-free
- Economical: will not saturate quickly
