

SURFOX-T

Heavy-Duty Electrolyte Cleaning Solution

SURFOX-T is a heavy-duty electrolyte cleaning solution that removes weld discoloration and enhances passivation to the work surface without the use of dangerous pickling paste. With the combination of Surfox-T and our Surfox accessories, weld discoloration of TIG, MIG, and SPOT welds will be removed instantly and the original finish will be restored, requiring no further treatment.

Features & benefits:

- Highly effective electrolyte cleaning solution
- No scrubbing or mechanical action required
- Instant cleaning of heat tint from welding
- Non-flammable, VOC free
- **The use of SURFOX systems is a recognized method for achieving chemical passivation on Stainless Steel Parts, as defined by the ASTM A967 specification;**
- NSF registered under category code A3, registration No. 142984
- **TIP:** Neutralize with SURFOX-N to complete the cleaning process
